Professional profile

I am a graduate within the environmental sector with a double degree in Environmental Management and Sustainability Sciences

Throughout my education I have developed a broad set of skills amongst the most important being:

- Project management
- Environmental Management
- Environmental Impact Assessment
- Sustainable Development

So far my experiences are based on projects and field studies in Romania, Denmark and Croatia.

My interest lies in environmental and sustainability especially in developing and implementing sustainable solutions

Work Experience

2015 - Present - Market Analysis – AlbatrossSolutions Europe and YourGlobalEye Copenhagen

tasks: conducting market analysis with focus on display management for clients like Arla, Ecco.

2009 - 2014 - Student part-time job - Kalumi Serv, Oradea, Romania

tasks: small size projects coordinator with focus on BTB&BTC and property mortgage evaluation.

results: increased clients database and introduced tools to shorten the time spend on evaluations.

2010 - 2011 - Internship – Environmental Protection Agency, Oradea, Romania

tasks: took part in the process of awarding different certifications to small and medium sized companies.

results: through several new tools we optimized the time spent on each company.

Summer of 2007 - Barista and Waiter- Starbucks and Dean&DeLuca, Charlotte, North C, USA

2004 - 2005 – Sales Assistant - McDonald’s, Oradea, Romania

Different volunteering projects related to the environmental domain

2015 - present - Environmental manager - Engineers without borders – Denmark

tasks: environmental planning in Coroico, Bolivia, to make an Environmental Action Plan.

June 2015 - Key note writer - Climate Technology Center&Network, Copenhagen, Denmark

tasks and results: note taker at the conference, work that was further used to form the CTCN rapport from GreenInk for COP 21.

2014 - Social Media Sustainability Reporting - Building Green Copenhagen

tasks: reporting on talks from the conference at Denmarks biggest sustainable buildings fair

results and referral: "Oana's writing helped us cross 1.000 followers in two days (started at 700)". (Henrik Ulander–Direktor IBC Euroforum Denmark)

2014 - Social Media Sustainability Reporting - IARU Congress KU Copenhagen, Denmark

tasks: part of a team of ten independent voices that kept the social media updated on the sustainability debates.

results: #iaru2014 was the 4th most tweetet # i Danmark during the congress.

Language and IT

Language	Danish – intermediate user – continuing learning	MS Office, Asana
	Romanian – mother tongue	SimaPro, Trello
	English– experienced user(Cambridge Certificate–Dec. 2006)	AutoCAD
	Spansk – beginner user	LaTex, Prezi

Other interests

As a spare time occupation, together with a friend we like to observe and photograph the danish biking culture. The pictures are being used as a “hook” to increase confidence in women biking in traffic in Romania –*SkirtBike Romania* (the biggest annual event dedicated to women on bikes).

During highschool I was introduced to agility dog training. I have trained dogs as a hobby in my hometown with notable local results.
Now, for hobbies I dive read in biographies of successful outliers around the world within various domains.
Also, I enjoy the satisfaction of playing pharmacy for creating different natural care products for myself and my friends.

Volunteering

Launch Nordic	2015
TEDx Aalborg Cinema	2013-2014
Student buddy - AAU	2013
Befriender Inge Eriksen Danish writer (yes, THE famous writer of more than 30 books and many political articles in the Danish literature)	2012-2014
